# Latest information when crossing the Canada-United States border as a person registered under the *Indian Act*

## Here's what your community members need to know

Every country or territory decides who can enter or exit through its borders and the Government of Canada cannot intervene on behalf of Canadians who do not meet entry or exit requirements for the United States (U.S.).

Consular officials provide assistance to Canadians detained abroad (including by United States Immigration and Customs Enforcement (commonly referred to as ICE)) in accordance with the [Canadian Consular Services Charter](#).

## TIPS before you travel to the United States

Check [Travel advice and advisories for United States](#) for the latest information on safety and security, entry and exit requirements, consulate contact information, and more.

Sign up with the [Registration of Canadians Abroad](#) system to receive important updates.

## If you're crossing the Canada-U.S. border for travel purposes with a status card

Registered persons, regardless of where they are born, have the right to enter and remain in Canada. Although any valid version of the status card can be presented to enter Canada, there may be a difference between the requirements to enter Canada and the requirements to enter the U.S.

While in the past you may have been able to enter the U.S. with any valid version of the status card, Indigenous Services Canada (ISC) now strongly recommends carrying a valid passport when you are travelling outside of Canada in addition to your Secure Certificate of Indian Status (SCIS), also known as the secure status card.

If you're already registered under the Indian Act and need your secure status card on an urgent basis, for example, to return to Canada, you can apply at any time, free of charge, and request priority processing. **Acceptance of all status cards is entirely at the discretion of U.S. officials.**

Status cards can't be used to cross the Canada-U.S. border by air.

## If you're entering the U.S. to live and work as a registered person

You may be asked to provide documentation to prove the percentage of Indian blood required under U.S. law. For example, they may request a letter from Indigenous Services Canada or your First Nation. Indigenous Services Canada can issue a letter of ancestry confirming registered ancestors, but it does not list a person's blood quantum. You may be asked for more documentation.

# FREE INCOME TAX PREPARATION

CNB is pleased to offer **FREE** income tax preparation services to lower income residents in your community.

This service is available to those who earn under \$25,000 per individual or \$40,000 for a couple per year **AND** who do not have fishing, business, or rental income.

An appointment is not required to participate in this service – all correspondence will occur via email.

If you are interested in and eligible for this service, please email [samantha@cncpa.ca](mailto:samantha@cncpa.ca) to get started.

## **Why should you file a tax return if you have lower income or do not owe any taxes nor expect a refund back?**

If you do not file a tax return you are not eligible to receive GST credits or other provincial tax credits that may become available to you during the year. Filing your tax return ensures that you receive all cash payments and benefits that are available to yourself and your family.

Please note that the CRA has updated the authorization process, if you are interested in CNB preparing your return it is required that you have an active CRA account online **OR** can provide a Notice of Assessment from a previously filed tax year.

If you have accessed CNB's free service in a previous year it is **NOT** required that you possess an online account.

## **WWK Elder's (65+) Elk Meat**

**If you're 65+ and you would like to receive some elk meat please call Gail at 250-914-1890 or email [reception@wewaikai.com](mailto:reception@wewaikai.com)**

## MATH TUTORING AT CAPE MUDGE ON MONDAY AFTERNOONS

Do you need help with math? Do you wish that your teacher or your textbook made more sense to you? One-on-one tutoring can be really helpful because everyone has different ways of learning, and we can find a way that works for you. Math tutoring is starting again at the band office on Monday starting on January 12<sup>th</sup>. You don't need to make an appointment or call, just drop in any time between 4 and 6 on Monday and bring your math homework or your questions about math. I can also help with physics and calculus or we can talk about web resources, graphing technology, or how to make your calculator work better for you.

I will be keeping a window open for better ventilation, so bring a sweater or jacket if it's a chilly day, and please stay home if you are ill or have been in close contact with someone who has flu or coronavirus.

Call, text, or email me if you have any questions.

## **Terrion Launches New Cellular Tower, Bringing Improved Wireless Service to Campbell River**

Terrion is pleased to announce the completion of a new cell tower providing wireless service to We Wai Kai Nation's community of Quinsam, a portion of Highway 19 and northwestern Campbell River.

Terrion values the strong collaboration built with the We Wai Kai Nation through this and other initiatives. This includes the ongoing operation of a cell site at the We Wai Kai Campsite on Quadra Island built in 2022 that provides critical cellular service to over 40km of waterways in the region. This long-term partnership reflects a shared commitment to expanding connectivity on the Nation's lands and neighbouring communities.

"This new site will enhance coverage and reliability for the We Wai Kai Nation and surrounding areas of Campbell River, supporting both residents and the growing business community of Quinsam Crossing," said Tony Buu, Chief Commercial Officer at Terrion. "Through our investments in Campbell River, we're delivering modern infrastructure that brings lasting benefits to the community."

"The We Wai Kai Nation is proud to partner with Terrion as we want to continue building relationships with telecommunication companies throughout our territory, and bring certainty for customers as this will help with better coverage and be helpful in emergency situations," said Chief Ronnie Chickite.

The site follows a recent investment in a tower in the north end of Campbell River late last year. Terrion is planning further wireless infrastructure upgrades in the Willow Point area of the City in 2026.

### **About Terrion**

Terrion is Canada's largest independent owner, operator, and developer of shared wireless infrastructure, with a growing national portfolio of multitenant real estate assets that supports the country's expanding connectivity needs.
