

SD72 School Bus Notice

CAMPBELL RIVER
School District 72

Dear Students and Families,

SD72 bus drivers check daily to ensure all student riders on the school bus have their mandatory bus passes. Bus passes are used for a few safety reasons:

- That we can confirm who is getting on the bus and that we get you safely to your school.
- Should a parent/guardian contact us about whether their child was on the bus, got to school or when they were dropped off to get home, we can provide the needed information.
- If the bus should have any difficulties due to weather, traffic or bus breakdown, we can contact families or the school to let them know who is on the bus and that the driver will be late or if another arrangement has been made.

Please support our district in getting each of you safely to and from school each day by using your SD72 bus pass daily.

If you need a replacement bus pass, please let your school know or contact the Indigenous Education Department at 250-830-2332 or IndigenousEd@sd72.bc.ca.
