

Election & Citizenship Ref. 2021

January 11, 2021

Election Update

Hello all,

There have been several calls/ emails received recently, so I am issuing this information statement in order to clear up any misinformation and misunderstandings.

Regarding the USA members and the postage challenges initially encountered, pre-paid postage packages are being resubmitted and great care is being taken to ensure all members have an opportunity to vote. Strict procedures are in place to ensure that no person voting by mail in ballot or otherwise will have more than one ballot counted.

Mr. Ralph Dick has also expressed a desire to withdrawal his candidacy for Chief. Unfortunately, the time period in which withdrawals is permitted has passed (deadline was December 12, 2020) and his withdrawal cannot be accepted. As such, he is still a valid candidate for Chief, and all votes cast in his name will be valid and counted.

All requirements of the Election Code have been adhered to and will continue to be adhered to. The election will continue as scheduled.

Key Dates

Polling Date: January 27, 2021 8am to 8pm.

Ballots must be received prior to 8pm on Jan. 27th.
