COVID-19 Protocols

The election process will continue through the COVID-19 pandemic but we will be implementing appropriate safety protocols to ensure member and community safety.

We encourage members to utilize mail in options for ballots, particularly any elders or others with compromised immune systems.

In-Person Nomination Meetings and Election Polling Stations are still planned for both Cape Mudge and Quinsam.

Safety precautions for in person meetings include, but are not limited to:

- Implementing safe distance protocols (6ft) in all cases (with floor marking and distanced tables/ chairs)
- Requirement for every individual to wear masks (disposable masks will be available, but please bring your own if you can)
- Hand sanitizer will be available at several locations
- Table, door handle surfaces, writing utensils, etc. will be sanitized regularly
- We will be limiting the number of persons present within the hall during voting (i.e., social distancing line ups outside the building, with limited numbers inside at one time)
- The number of Scrutineers will be limited to one for each candidate
- *We will be continually monitoring updates on the COVID-19 situation and adjust protocols as needed to ensure the health and safety of members.
